

PANTHER SENTINEL

Volume XX

Salinas, California, Friday, March 27, 1951

Number 20

AS WE SEE IT

By GEORGE JACKSON

Credit Marge Mathers, general chairman of the Spring Prom, with a clever move in her handling of this year's spring social event. In spite of her hard work to make the Winter Ball a success, it was a financial failure and left her with little money in her budget to provide for the prom.

In securing Loma Linda as a site she made it possible to meet expenses and also cut down the price of bids for the affair. True, the dining room will be open to the public during the Prom, but if enough from Hartnell attend, there can be no doubt that it will be a Hartnell function.

Because she will make reservations in the public room, it will be possible for Miss Mathers to use the regular Loma Linda orchestra and avoid a large expense. This cut will be passed on to persons attending, and the bid price will need to include only the cost of meals.

ITALIAN DINNER

If their coming Italian dinner is nearly as successful as their Chinese lunch, the International Club will have two outstanding events to their credit during its short life. The dinner is slated for Wednesday, April 4.

Although this club, composed mostly of foreign students at Hartnell, has been functioning for less than one year, it has shown great gains and potentialities.

These students are showing, in many cases, even more interest in the college and its activities than students who have always lived here. If these students are any example of students in the foreign countries they represent, the world is not in such a bad state as one would be inclined to assume from present world differences and conditions.

RED CROSS DRIVE

Hartnell students will be given another opportunity to take part in an American Red Cross sponsored campaign when they will be asked to donate financially to that organization next week. The drive here is a part of the nationwide campaign for funds now being carried on by the Red Cross.

Blood-donating students have been given one opportunity to see this group in action, although the blood program is just a part of the over-all program of aiding people in need.

Many students missed an opportunity to take part in their great program when they did not donate blood, but it is hoped that there will be an even greater support given the drive for funds at Hartnell next week.

Gals Ready For Sadie Hawkins Affair

Administrative Edict Prohibits Water Guns in Building Today

President John B. Lemos issued a special bulletin this week giving permission for the Sadie Hawkins' Day to be held today, "WITH THE UNDERSTANDING THAT STUDENTS WHO BRING WATER PISTOLS, WATER GUNS, OR SQUIRT GUNS OF ANY KIND INTO THE SCHOOL BUILDING WILL BE SUBJECT TO IMMEDIATE SUSPENSION FOR A PERIOD OF NOT LESS THAN ONE WEEK."

"Last year during Sadie Hawkins' Day, students brought water guns into the building and created a considerable amount of damage. For that reason we considered doing away with Sadie Hawkins' Day entirely," reported Mr. Lemos.

"However, knowing that in years gone by Sadie Hawkins' Day was an enjoyable affair, that it can be made so again is our sincerest hope," Mr. Lemos said.

The administration feels that Sadie Hawkins' Day can be a very enjoyable occasion for everyone without any rowdyism taking place inside of the school building.

Approval and support of the order was moved by the student commission meeting in special session last Wednesday. In order to keep the traditional affair, the group decided that the act was necessary. The motion to favor the plan was given unanimous support.

International Club Italian Dinner Set For Wednesday

Today is the last day to purchase tickets for the International Club's Italian dinner. The dinner will be held next Wednesday from 11 to 1 in the music room.

On the menu for the affair is chicken ravioli with meat sauce, prosciutto crudo e cotto, various Italian pickles, salami, ice cream, and coffee.

Judy Beeck, publicity director, says that tickets may be obtained from any International Club member today. The cost of the dinner is 70 cents per person.

The food is being obtained from a local caterer and will be served by various members of the club under the direction of Virginia Var-

(Continued on Page 3)

Red Cross Drive Scheduled Here During Next Week

Hartnell college students will be asked to take part in the nationwide Red Cross fund-raising campaign next week. Don Jacop, who will head the drive here, said that contributions will be taken in the main hall all during next week.

Money collected in the drive will be used to help support the various activities and programs which the organization carries on during the year. These include the blood donor program, disaster relief, first aid and nurses' aid training, and aid to American fighting men at home and abroad.

"Marryin' Sam Jam" Will Highlight Annual Day of Fun and Frolic

Tonight's "Marryin' Sam Jam" will bring to an end this year's Sadie Hawkins' Day, sponsored annually by the women's organization, Upsilon Gamma Chi. Dancing will be from 9 p.m. till 1 a.m. in the men's gym, and music will be furnished by Marion Walters' band. Prices are \$1.20 per couple and 75 cents stag, the gal paying, of course.

PHYLLIS BUTTERS

Leading the women in their yearly outing will be U.G.C. President Phyllis Butters, and, according to Miss Butters, great pains have been taken in preparing for the conquest of Hartnell's men. She had been assisted by a staff of lieutenants, all possessing the keen faculties of big-game hunters.

At 11 a.m. the assembly, under the chairmanship of Helen Wolber, will brief the women on the history of the day, by means of a skit; tell the females what will be expected of them; and tip them off to all the hiding places on the campus.

At 11:45 a.m. the chase will begin with Barbara Johnson, an old campaigner, in charge of the pursuit. This will be the affair that will enable the women to make the kill and grab their men.

A noon dance will be held in the men's gym during the noon hour for the benefit of the gals who do bring 'em back alive and do not want to wait until evening to show off their captures.

Miss Butters has emphasized that all students are to dress in appropriate costume, both during the day and at the evening dance. Prizes will be awarded at the dance for the best characterizations of L'I Abner, Daisy Mae, Ma and Pa Yokum, and Nancy O.

In charge of refreshments at the evening dance will be Diane Amyx while Sally McAnaney will handle decorations, said Miss Butters.

BEV SILVA HEADS CHOIR

Bev Silva is the recently elected president of the Hartnell College choir, while Barbara "Tiny" Rogers was elected to the post of vice-president. Secretary of the group is Bob Swan. Other officers are Carol Spence and Carla Adams, librarians. The choir is directed by Mr. Vahé Aslanian.

Loma Linda Is Spring Prom Location

Loma Linda was named by Marge Mathers, commissioner of social activities, as the site of the annual spring prom, at Monday's commission meeting. The date of the affair has not been set, but several times in May are being considered.

Because of the financial failure of the Winter Ball, Miss Mathers announced that several departures have been made. The prom will be held in the main dining room of the establishment, and the music for dancing will be furnished by the regular orchestra there. The dining room will be open to the public unless enough reservations are by Hartnell students to fill the facilities at Loma Linda.

Coach Ed Adams was a visitor

at the meeting and expressed his personal views and the ideas of the athletic department on many matters including captain's awards, athletic awards, scheduling of the games, and athletic budgets. He asked the group for a vote of confidence in approving athletes recommended by his department for athletic awards.

Because permission had been given to each coach to handle his own budgets at an earlier meeting, coaches were also given authority to schedule games for teams they coached. Formerly the director of athletics scheduled games in many cases. Because the individual coach knows what his budget contains he will be able to prepare his schedule in a better manner, it

was reasoned.

Unanimous approval for a drive for funds for the American Red Cross was given by the commission. Don Jacop will head the drive on the Hartnell campus during the early part of next week. This drive will be a part of the nationwide drive now being conducted by the organization for funds to finance its activities.

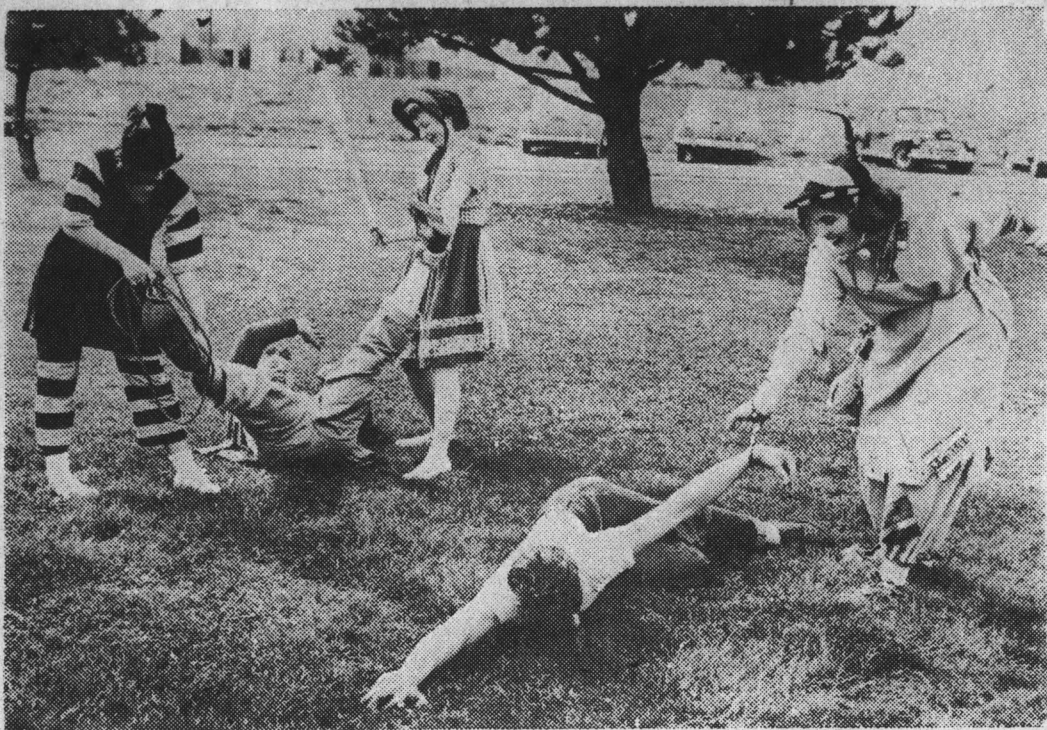

Several officers will attend a regional junior college student government conference at Richmond tomorrow to plan the agenda for a statewide meeting to be held in Long Beach late in April. Among the delegates to the Richmond meeting are Bill Bell, Betty Cunningham, Don Schrupp, Ken Yoder, and Mr. Jerry Girdner.

Balance Sheet For Cafeteria Shows Deficit

The Hartnell Cafeteria has lost \$1,016.12 in the past six months of school, which constitutes an average loss of \$169.35 per month, according to the cafeteria balance sheet posted on the main entrance bulletin board. The balance sheet also indicates that the cafeteria suffered a \$1,388.81 net loss over a period including the summer months.

These figures on the bulletin board were issued by the manager of the cafeteria, Mrs. Effie Freyer, (Continued on Page 2)

DOGPATCH GIRLS REALLY EXPERIENCED

Just to warn the men that they better watch out today, for there are some really experienced girls at Hartnell — experienced, that is, in the ways of nabbing men on Sadie Hawkins' Day. From the files of The Panther Sentinel, March 18, 1949, is this picture of Bonnie Hearn and Barbara Johnson putting the rope around Loren Byerly. To the right Pat Struve is handcuffing Marvin Smoot.

Scholarships Available For Many Students

There are still a few scholarships available for qualifying students, announced Mr. Jerry H. Girdner, dean of counseling and guidance, this week.

The majority of scholarships offered at the opening of the school year for the 1951-52 school year had a March 1 deadline.

Still open are the following: Emergency aid for needy Chinese students.

Twenty full scholarships to Webber College in Florida Business and financial education for women.

One hundred and fifty scholarships to Fresno State College.

Two full scholarships to Pasadena Institute for Radio.

Mr. Girdner warns that many of these offers expire in the very near future, so any possible applicants should consult him immediately.

Any students who plan to apply for a scholarship after graduating from Hartnell in 1952 should see Mr. Girdner and check on the qualifications they must have to apply for the one of their choice.

Basketball Team Awards OK'd By Commission

Final approval was given for basketball awards for this season was given during a special commission meeting held before Easter vacation. Because of conflicts between the recommendations submitted by Coach Ed Adams and Men's Representative Bill Temple, the special action was required.

Both award lists had named the following players as being eligible for their jacket awards: Captain Fred Willson, Bob Ballard, Bob Steinbach, Tom Welch, and Glen Albaugh.

In addition to the above men, Adams had recommended that Dick deLorimier, who had forfeited his points because he was declared ineligible for conference play; and Bill Bell and Roy Pellascio, both of whom had played during the season and were recommended for awards, although they did not earn the required number of points to receive jacket awards.

A combined list including DeLorimier, Bell and Pellascio and submitted jointly by Adams and Temple, was finally approved by the commission.

net sales reached only \$16,065.41.

Varying greatly from month to month, the figures showed that September and January were the worst months, with the losses for those two periods being \$5529.59 and \$644.63, respectively.

The only profitable months for the food center were November and February when the profits reached \$301.14, and \$240.83.

ELECTED PRESIDENT

— Courtesy Salinas Californian

MR. CLAUD ADDISON

Mr. Claud F. Addison, dean of the occupational division, will take office on May 1, 1951, as the newly-elected president of the California Business Education Association. Mr. Addison was elected at a state convention of the association at the Huntington Hotel in Pasadena last Monday and Tuesday.

As president-elect of the association, Mr. Addison was sent as a delegate representing California at the first convention of the newly-formed Western Business Education Association, which was held in Portland, Oregon, on Thursday and Friday of last week.

Mr. Addison holds a three-year term on the official board of that organization, which is made up of nine western states.

Previously, Mr. Addison has served as treasurer and vice-president of the association at various times. His term as president will run one year. This is the first time that anyone from this area has been elected to the presidency of this association.

The California Business Education Association has 1,000 members throughout the State of California.

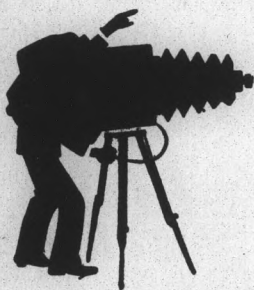

Shorthand Awards Presented to Many

Stenographers' pins and certificates have been awarded to 15 of Mrs. Anne Harper's shorthand students. The awards were based on five-minute dictation tests; with almost perfect "mailable copy" transcription required, including correct spelling, grammar, and punctuation.

For passing the 80-word-per-minute dictation on the five-minute test certificates have been awarded to Sally Smith, Victoria Soria, Barbara Switzer, Kimiko Okawa, Julia Ross, and Grace So.

Students who passed a 100-word-per-minute test and received gold pins are: Maxine Reynolds, Maryanne Matiasovich, Farrell Moore, Barbara Sanders, and Barbara Carroll.

The goal of the class is to receive gold pins for taking 120 words per minute. Those students who have reached this goal are: Drusilla Alvernaz, Anna Elkington, Marilyn Kwock and Virginia Vargas.

Promissory Notes Owed by 80 Students

Payments on promissory notes for student body fees are overdue from 80 students, Mr. Frank Pittman, comptroller, reported today. There are 16 delinquent accounts for the month of January and 40 in February. So far this month 24 students have failed to pay their dues, making a total of 80 defaulters.

Mr. Pittman urged all students with overdue notes for student body fees to make arrangements at their earliest convenience to pay their student body accounts.

Names and dates due of the delinquent accounts are listed on the main bulletin board.

Canterbury Members Hear Local Rector

Members of the Canterbury Club were honored by a guest speaker at their last meeting before Easter vacation. The Reverend Richard Coombs, rector of St. Paul's Episcopal Church in Salinas, gave a talk on "The Meaning of Lent and Its Application to the Modern World."

The meeting was attended by 25 members, reported Dr. B. L. Borrough, faculty advisor to the Canterbury Club. Refreshments were served by Beverly Carlson.

MEDEA LEAD

PHYLLIS WILLIAMS

Miss Phyllis Williams, the lead in the next Hartnell Players' production, "Medea," claims that she began in drama to learn how to talk, and since then "they haven't been able to stop me."

Whatever reason Phyllis started for, she is heartily in favor of continuing on in the field, specifically in radio drama. She feels radio to be a more challenging and stimulating medium than stage work. Phyllis may be heard weekly on the present 15-minute program, "College Is the Life," and soon will be featured in the radio series, "I Know a Poe Story."

Among Phyllis' varied interests rank spectator sports, music, books, and movies. Her tastes run to good mysteries, adventure stores, and serious drama, while her acting idols are Laurence Olivier and Ethel Barrymore.

As far as stage experience goes, Phyllis has played many varying roles. The first role she ever played was the part of Amy Spetigue in "Charley's Aunt." She portrayed the maid in last summer's production, "I Killed the Count."

Under Hal Ulrici, of Hartnell's drama department, she's played Goods in "Everyman"; the mother, her first major role, in "Winslow Boy"; Mrs. Corsellies, the hilarious minister's wife in "Enchanted Cottage"; a physical culture teacher, Miss Glavin, in "Years Ago"; Lavinia Penniman, the Aunt from the "Heiress"; in the "Redemption Play," she was the reader, and also played a 12-year-old boy; and her last role was that of Flo, the traveling salesman's wife in the "Happiest Years."

In her own words, the role of Medea is "terrific" and "strenuous." Miss Williams is expected to play this role to the utmost.

JUST COMMENTING

By CARLA ADAMS

Margie Mathers made her eye-catching Aztec print dress. The design, worked in aqua and black, marches across the faille material in strict geometric precision. Distinguishing style marks are the black patent leather belt, Peter Pan collar, cap sleeves, and the eight tiny pleats in the skirt back.

The aqua strapless dress worn by Judy Beeck looks good with her lightly tanned skin. Of waffle pi-qué, the dress is cut in princess style, and a coverup jacket is also worn. Triangular shaped notches have been made here and there to give added fashion interest. Judy made it herself. She's really quite versatile, as she can also do leather-work. Be sure to see the cowhide purse and wallet she's sporting.

Robin Lowry accents her fair coloring with a circle skirt and contrasting blouse. The skirt is red, grey and pink leaf design on a white background. With the skirt she wears a pink sleeveless blouse.

Green and white striped chambray is what Bette DeMerritt's newest dress is made of. Not satisfied with an ordinary stripe, she picked a white stripe featuring green dots. Style marks are the high collar, cap sleeves, gathered skirt, and pockets. An interesting feature of the navy cotton worn by Violet Olivette is the white embroidery detail in the blouse front. Other features are the white piping on the cap sleeves and neckline, stand-up collar, and flare skirt.

Liz Ernst likes to wear her pink cotton broadcloth suit, and who can blame her? The skirt is flared, and the jacket features three-quarter length sleeves and a tiny collar. With it she wears a pink plaid weskit, double breasted, with tiny gold buttons.

Carolyn Rattan's chartreuse dress has two interesting features: the quilted yoke and the unpressed pleats. Add a Peter Pan collar and short sleeves, and there you have the completed picture.

The fellows even are following the girls' example and wearing bright cotton clothes. Take a look at the mad Hawaiian shirts being worn by Paul Friebe, Bunny Par-

Many New Books Arriving Daily At Library

New books are arriving in the library every day now, Miss Luella Wiens, head librarian, has announced. Many of these are on the current fiction best-seller lists. Many have arrived in the library already and about 600 more are expected soon. Some of the better fiction selections are:

Across the River and Into the Trees, by Ernest Hemingway.

Hemingway's first novel in years is the story of an American Army officer's last visit to Italy, where he had fought in two wars. Although he realized that he had not much longer to live, he had a love affair with a beautiful young countess. Then, on one last hunting expedition, his death came as he had expected.

This is Hemingway's latest novel, and, if most reports are to be believed, his worst. Many of the book reviews intimate that Hemingway is slipping in his old age. But the story is still interesting and a top best-seller. The reason for this is, according to the Saturday Review of Literature, "It is so dreadful, in fact, that it begins to have its own morbid fascination and is almost impossible as they say, to put down."

Swiss Family Perelman, by Sidney ney Perelman.

A hilarious account of the author's trip around the world, accompanied, among other things, by his family. The book is ably aided in its presentation by the drawings of Al Hirschfeld. In some 50 illustrations Al Hirschfeld has brilliantly caught the distillation of all the Perelman fits and fevers, his reaction to adversity, his confusion when confronted with a crisis. They complement each other handsomely, Perelman and Hirschfeld.

This book is light and enjoyable reading. It is a book for all types, for everybody. It also has the advantage of not being very large. All college students should appreciate this fact.

sons, Ed Weber, Don Schrupp, Bill Maison, Bud Chase, Jerry Skillicorn, Ken Dias, and Frankie Paz.

Jim Little deserves special mention with the wild zebra-striped sport shirt he wears.

CAMPUSOLOGY

By PAUL PARSONS

NO, IT ISN'T A MAN FROM MARS: From time to time a home ec or business major sticks his head in the chem lab and then asks, "What is it?" I'll put these frustrated persons straight once and for all now. It isn't "The Thing," it's Bill Moger in his chem lab regalia. When I asked Bill, "How come the getup?" he said, "The chemicals in here are hard on my clothes." He then resumed stirring his coffee.

DON'T LET KAFAUVER HEAR OF THIS: The other morning Bus Driver Frank Armbruster was approached by a sinister looking character and was offered seven cents as an inducement to misappropriate public property. An old-timer mistook the Santa Cruz school bus for a Santa Cruz transit bus and followed a student onto the vehicle. "Does this bus go to Chanticleer Avenue?" the fellow asked. "No," said Frank, "this bus goes to Homestead Avenue."

IT'S NOT MINE: Although Carla Adams is often seen without her shoes, she insists that the shoe in the lost and found box is not her's. Says Carla, "I don't like to wear shoes, so I take them off and put them away. I don't lose them. Should I be a slave to shoe manufacturers?" asks Carla.

THEY'RE ON THE LOOSE: Today's Sadie Hawkins' Day and although most of the gals are depending on their running legs to catch a man, it has been rumored that a few of them are resorting to bear traps and such. Tiny Rogers put it this way: "I'll catch a man this year, or my name isn't Mantrap Rogers."

Diamond Team Here Today; At Soledad Tomorrow

With a record of two wins and a loss behind them — and the league opener a week ahead of them — the Hartnell baseball team has two practice games on schedule for this week end.

This afternoon the Panthers entertain the Gonzales high school squad in a return game. Earlier this week the Harts scored a 3-2 victory over the high school behind Al Navaroli's one-hit pitching. The game is scheduled to start at 4 p.m.

Saturday afternoon the Panthers will be guests of the Soledad prison team for a 1 o'clock game. It will be the first clash between the two teams this year.

Coach Regli hasn't been too pleased with his team's performance thus far in the season but says, "They could develop into a pretty good team if some of the boys keep improving as they have this week."

Biggest weakness according to Regli is the team's hitting. "They look like they're afraid to hit the ball. They let too many 'fat' pitches go past them."

The infield is not too strong but Paul Friebe is improving very rapidly at shortstop. Third base is the biggest hole in the Panther inner

Panthers Win Over Gonzales

Behind the effective one-hit pitching of Al Navaroli, the Hartnell Panthers won their second game of the year, a 3-2 victory over Gonzales high school.

Each team grouped all its scoring into one inning. For the Panthers the big one was the second when they combined two walks, two hits, and two errors for three runs. Gonzales capitalized on two costly Hartnell errors and a sacrifice for their two runs in the third inning.

The Harts could get only five hits off the high school slants of Perez, the Gonzales pitcher. The hits were by Paul Friebe, Doug Severin, Bob Steinbach, John Miggin, and George Jackson.

defense, observes Coach Regli.

Wayne Cook will toss for the Harts Friday while Saturday's pitcher has not been chosen yet.

Cindermen Show Well In Trials

Panther trackmen took to the oval last Friday to test their potentialities for the coming season. On a slow track with bad wind conditions the results turned in were surprisingly good.

In the weights the results seemed to back Coach Ed Adams' belief that he will have strength in that division this year. John Dobb led in the discus with a toss of 124 feet 9 inches. He was followed closely by Ed Kruljac and a 122-foot 1-inch toss. Both men should improve their distances into the 130-foot bracket. The school record in this division is 133 feet.

Dick Leffingwell and Dobb, shotput men, showed well with tosses of 43 feet 2 inches and 40 feet 6 inches. These also show signs of being improved.

In the other field events tries were not made for top performances, but practice jumps and throws looked good. High Jumpers Jim Tannahill, Keith McIntosh, and Bob Ballard should bring Hartnell several points this year in their event. All are potential 6-foot jumpers and cleared their practice heights with ease.

On the track several very good times were clocked. In the dashes Don Smith and Mits Hasimoto worked for good times. Smith copped the century and the furlong with 10.1 and 23.

In the half-mile dash Bud Chase came in with an outstanding time for this early in the season. He turned the 880 yards in 2 minutes 5.9 seconds.

Ray Dyer matched Chase's effort by turning the oval four times in less than five minutes. Ray made the trip in 4 minutes 48 seconds, and is a serious threat to the standing school record for the mile.

Runs in the quarter mile and the two mile were not run Friday, but will be handled in the future meets.

Track Team Meets COS Tomorrow

Panther cindermen travel to Visalia tomorrow to meet the College of Sequoia Giants. The dual meet will give the Hartnell men a chance to show their stuff in actual combat. It will be the first real meet for the Panthers.

Coach Ed Adams says he figures to place well in several of the events. The discus, shotput, and high jump will be strong points for the local men, and we should draw several points in the dashes, the half-mile, and the mile.

Next week the Panthers appear in a four-way meet at Stanford. The only scheduled home appearance of the track team is April 21, the small college meet.

Cagers Prominent In County Tourney

Several of Hartnell's cagers of the 1950-51 season shed the morn and gold after the season to play for teams in the local Monterey County tournament before Easter vacation.

Playing on local teams were Dick deLorimier, who worked with the Sid's team; Bob Ballard, with the Salinas Junior Chamber of Commerce team; and Bob Steinbach, who served the Del Conte team.

Fred Willson loaned his services to a peninsula team, the Frost Roofers. The Frosts captured the tournament title, while the J.C.C. ran second.

Willson and Ballard were selected to the second all-tournament team. Jim Brooks, star cager for M.P.C., was also selected to the second-place honorary club.

Three of Hartnell's alumni were honored by being selected to the all-tournament team: Jerry Hoagland, Bud Guiterrez, and Bill Whisler were the three grads selected to the top five.

Sport Shorts

By BILL BELL

Ski enthusiasts who traveled to the Donner area over the vacation were pleasantly surprised to discover the culinary prowess of none other than our own "Big Ab" Wilson. Ab's artistic use of the cuisine was delightful to see.

In a personal interview Mr. Wilson confided that cooking has long been a favorite hobby with him. I suggest that the cafeteria might inquire as to the availability of "Chef" Wilson . . . he does wonders with leftovers.

At the last meeting of the Hartnell student commission the subject of the school's athletic policies figured prominently in the business. Approximately three fourths of the meeting were absorbed in futile argument on the policies and legalities of athletic awards.

Coach Ed Adams was present at the meeting to explain the views of the athletic department. The conflict at the last meeting was caused by the proposal to award the captains of Hartnell's teams gold awards. This practice has been carried on in the past, though not in an established and recorded policy of the student governing group.

It seems very unusual that no mention of consideration should be made for the captains in the established policy. The policy has also been found lacking in its general rules concerning awards for athletes. The commission has been stalemated several times on the matter of awarding the players their sweaters and jackets.

Several of the members of the governing group are beginning a movement to revise and restate the policy and it is hoped that the system of awards may be clarified for future use. Any students who have constructive suggestions for the athletic awards policy should notify the commission members.

Softball Starts Soon; Sign Now

Coach Jess Regli, director of intramural athletics, announced this week that April 7 is the final date for entering a softball team in noon competition.

As of Tuesday there were only two teams entered.

Medals will be awarded to members of the first and second-place teams; 10 gold medals for first place and 10 silver medals for second place.

Competition for the six-team league will start April 11 and 12, and continue until the close of the school year.

A team must have a minimum of 10 players but can top that number.

Adams Investigates All-Conference Team

Coach G. Ed Adams announced early this week that he would send letters to the coaches of the Coast Conference in an effort to have an all-conference team selected for the past basketball season. No apparent effort has been made at the league headquarters for the naming of such a team.
